

# Repeat Prescriptions

We aim to provide a high quality repeat prescription service. Please allow 48 working hours for your request to be prepared as this ensures you get the right medicine, at the right time, at the right place.

You can order your repeat medication by returning your repeat slip:

- In person, to either of our surgery sites
- By putting it in the letter box at either surgery
- Posting it to us via the Royal Mail

Alternatively, use our 24/7 on-line ordering facility – visit our website for further details.

Please  
remember  
to tick the  
items you  
require
